ESTOBOARD

Transparency • Control • Efficiency

The dashboard that transforms your software management -

## EFFICIENT, SECURE, AND TRANSPARENT

Keep all your licenses, devices, and cloud applications under control at all times.

Built by license managers - for license managers.

WHY ESTOBOARD?

Key Benefits:

- ✅ Centralized license management for desktops, laptops, tablets & cloud applications

- ✅ Integration with Azure, AWS and on-premises software

- ✅ Automated inventory tracking via our universal data agent

- ✅ Connection to discovery tools such as Intune and SCCM

- ✅ Support for SAP, IBM and Oracle systems

More efficiency, lower costs, and full compliance – all in a single dashboard.

estocon

QUICK START.
SECURE OPERATION.

Highlights:
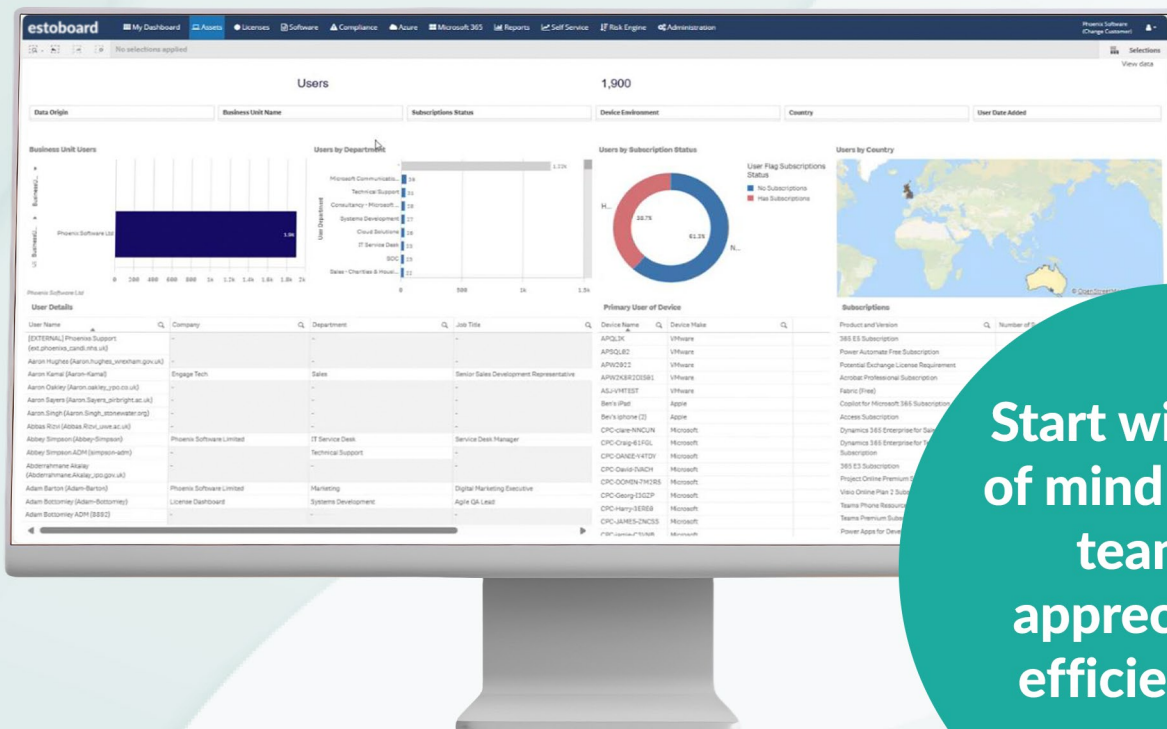

✔ **Flexible hosting options:**
Choose between Azure or your own environment

✔ **Guaranteed data sovereignty:**
Data stored in your region for maximum control

✔ **Expert support:**
Professionals like Andy Porter and Gary Smith
guide you through setup

Start with peace of mind – your IT team will appreciate the efficiency and security.

ALL INFORMATION AT A GLANCE

Key Features:

- ✓ KPIs, devices, software, license status & compliance

- ✓ Smart filters by location, department, device type, or time period

- ✓ Drill-down & customizable reports

- ✓ Overview of virtual machines (VMware), server & license details

- ✓ Saved filter & report templates for recurring analysis

Make informed decisions – fast, precise, and data-driven.

estocon

TRANSPARENCY MEETS EFFICIENCY

Key Features:

- ✓ Monitoring of license purchases, entitlements, and transactions

- ✓ Management of upcoming license renewals (30-, 60-, 90-day view)

- ✓ Optimization of Microsoft 365 licenses by identifying inactive accounts

- ✓ Azure cost analysis down to resource and tag level

- ✓ Calculation of compliance ratios and financial risks

- ✓ Recommendations for savings through reservations & hybrid benefits

Reduce costs, ensure compliance, and speed up decisions – all in one dashboard.

estocon

MANAGE. CONTROL. OPTIMIZE.

Key Facts:

- ✔ Centralized control of customers, access rights, and features

- ✔ Audit logs & compliance reports available at any time

- ✔ Risk assessment by vendor, e.g., for Microsoft systems

Increase efficiency, minimize risks, and optimize your license costs – all in an intuitive interface.
