

# ESTOBOARD

## Licensing as a Service

Our managed service supports you through all phases of the software lifecycle. With tailored workshops from our experts, you'll learn how to work optimally with leading software vendors – enabling efficient management and full transparency across all locations.

## WHAT SETS US APART?

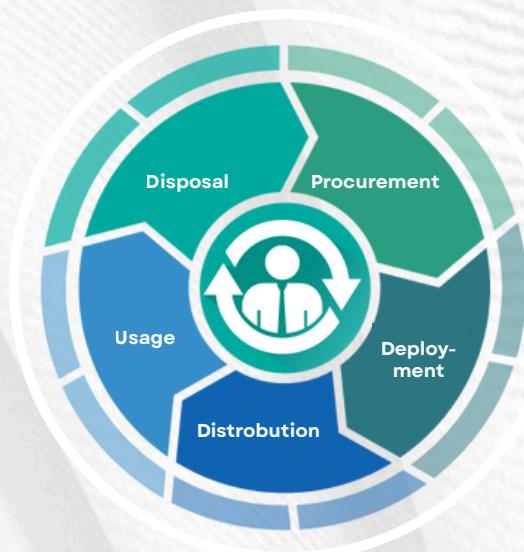

The Estoboard provides you with a clear compliance overview. With our “Rent your own Expert” model, you reduce personnel costs while still accessing top-level expertise.

## estocon GmbH

### Holistic. Efficient. Sustainable.

At Estocon, we cover the entire software lifecycle and develop processes that have a lasting impact while conserving resources. Our independent license consultants optimize your software processes with years of experience – efficiently, cost-effectively, and transparently. This builds trust and fosters long-term partnerships.

# ESTOBOARD

## Everything at a Glance.

Our software provides every authorized user with an intuitive dashboard for efficient data collection and easy management.

## Estoboard License management

### Efficient. Compliance-Secure. Flexible.

With our agentless technology, you can collect data and create tailored reports—without any additional installations. The Estoboard provides a clear compliance overview, enables efficient management of software maintenance across all locations, and ensures optimal use of your licenses with minimal administrative effort.

Thanks to our “Rent your own Expert” model, you have access to qualified experts at any time—flexibly, on-demand, and cost-efficiently. This saves you time, resources, and costs without compromising on quality or expertise.
